Business Systems Analyst, Yellowknife
Competition N 12/01 NT

If you are a motivated IT professional in the pursuit of a meaningful career path and would like to become part of a caring, efficient, and service-focused organization, this is the position for you! The Workers' Safety & Compensation Commission (WSCC) of the NWT and Nunavut (NU) promotes workplace safety and care for injured workers and upholds the values of concern for people, collaboration, engagement, integrity, transparency and openness in the workplace. The WSCC offers employees a safe, interesting, and positive work environment and supports training and development.

The Business Systems Analyst reports to the Manager, Information Systems and works collaboratively with the Information Systems team. This position is responsible for producing practical outline specifications for the construction of information systems that meet the WSCC's needs. This position investigates and documents the business rules, processes and constraints of the WSCC information-processing environment, and develops plans and specifications for business system design. Other duties include liaising with business units to analyze and meet their information needs, implementing strategic business and information system plans, and participating in formal audits and reviews to meet service standards. The Business Systems Analyst occasionally provides guidance and direction to staff, and is responsible for smaller to medium scale projects and portions of larger projects.

You bring to this position a Bachelor's Degree in Computer Science or Management Information Systems, coupled with a minimum of two years of systems or business analysis experience. You have extensive knowledge of the full Systems Development Life Cycle, proven ability to motivate and involve others in working together and achieving project goals, and you have excellent oral and written communication skills. Through your experience, you have demonstrated good research, analytical, problem solving, and project management skills. We consider equivalencies on a case by case basis.

Salary ranges from $41.24 to $49.23 hourly (approx. $80,418 to $95,998 annually), plus a Northern Allowance of $3,450 annually.

This is a non-traditional occupation. A satisfactory criminal record check is required for this position.

Closing Date: Open until filled
