

Medical Health Care Suppliers

Please note the following important changes in submitting medical supplier invoices and medical reports.

Effective September 1, 2018, WSCC is introducing new software that will create a more efficient process for medical and health care supplier invoices.

This new process will allow a streamlined processing of medical invoices resulting in a more timely payment of invoices to all medical and health care suppliers.

We encourage all medical suppliers to email their invoices to our new email address:

WSCCAP@wsccl.nt.ca

NEW PROCESS EFFECTIVE SEPTEMBER 1, 2018

Please email all medical invoices only to Financial Services at this new address:
WSCCAP@wsccl.nt.ca.

Please complete and submit all reports **separately from invoices** to our Claims Department by email at **reportsnwt@wsccl.nt.ca** or **reportsnu@wsccl.nu.ca.**

To submit statements of account, follow up on existing invoices, or for other financial inquiries, please continue to email **finance@wsccl.nt.ca.**

If preferred, suppliers may continue to mail or fax invoices to our Head Office in Yellowknife. Our Nunavut office does not process invoices.
