

**Workers' Safety and Compensation Commission's (WSCC)
Employer *Safe Workplace* Feedback Survey**

You should complete this survey if you are an employer currently operating in Nunavut or the Northwest Territories.

The WSCC is currently developing the Safe Workplace Program to support and motivate employers in Nunavut and the Northwest Territories to strengthen their health and safety programs, to share good practices for injury and accident prevention within their respective industries, and to become leaders in safety.

We need to hear directly from employers across all sectors and business sizes about how the WSCC can best support the growth of safety culture, and improve return to work outcomes for injured workers. Your views are critical to ensure we understand your current challenges and how WSCC can recognize and support employers who have committed to creating safer workplaces.

Before you respond to this survey, please read the Safe Workplace Discussion Paper, or participate in a virtual meeting to understand more about our new program. You can find more information on the [WSCC's website](#).

In addition to your responses, if you have any comments or views you wish to share with the WSCC about this proposal, you can contact safeworkplace@wsc.nu.ca in Nunavut, or safeworkplace@wsc.nt.ca in the NWT.

This survey should take approximately 10 minutes to complete.

The deadline to complete the survey is **August 13, 2021**.

We appreciate your feedback.

Privacy

Please note that by responding to this survey your responses will be used by the WSCC when analysing and reporting on the views of stakeholders. Your personal information will not be made public. All personal and demographic information collected in this survey is collected to help us make sure we are hearing from a diverse range of stakeholders from across the Northwest Territories and Nunavut.
