Pick-up stop

Contact-free delivery

Engineering Things you build or create.

Rearrange your work space

Signs

No contact payment terminals

Look closely at your workplace to find the best solution for your business. Talk to your frontline workers; they are a great resource for creating your COVID-19 safety plan.

Often called the "hierarchy of controls," this image shows some examples of changes that you can make in your workplace to help prevent the spread of COVID-19. It is important to remember that the best plans use a variety of tactics in your workplace.

These changes are part of your company's Exposure Control Plan. Administration Rules, policies, and plans

hand washing

Cleaning Schedule Items you write down and use to educate your workers.

PPE Items

Gloves

Personal Protective Equipment (PPE)

Items that a person wears to stay safe.
